

Grill plate EGR60400

- ▶ Good thermal conduction for perfect results
 - ✓ Rectangular grill plate
 - ✓ Cast aluminium, coated

Description

The reversible grill plate is the perfect addition for combi steamers or ovens with 600 x 400 mm insertion options. The smooth side allows for baking wonderfully crispy pizza, while the ridged side gives grilled vegetables or meat the typical grill marks and savory roasted flavors.

- ▶ Can be used on both sides
 - ✓ 1 side grooved
 - ✓ 1 side smooth
