

## Food warmer I2WL552 1/1

### Description

For buffets, catering events and in canteens – the two heat lamps with ventilated aluminium reflectors ensure the targeted release of heat. This allows dishes in containers of up to 1/1 GN in size to be kept warm.

### Features

- |                                            |                                                                                 |
|--------------------------------------------|---------------------------------------------------------------------------------|
| • Height adjustable:                       | 590 mm to 790 mm                                                                |
| • Basin size, GN format:                   | 1/1 GN                                                                          |
| • Depth GN container max.:                 | 65 mm                                                                           |
| • Number of heat sources:                  | 2                                                                               |
| • Heat sources can be switched separately: | No                                                                              |
| • Power per heat source:                   | 0.275 kW                                                                        |
| • Colour:                                  | Silver                                                                          |
| • Heat source type:                        | Infrared lamp(s)                                                                |
| • Temperature range:                       | 0 °C to 70 °C                                                                   |
| • Design:                                  | Designed for GN basins / GN tray<br>Cut-out for GN containers: W 390 x D 302 mm |
| • Germ guard:                              | No                                                                              |
| • Clear height:                            | 560 mm                                                                          |
| • Control lamp:                            | -                                                                               |
| • ON/OFF switch:                           | Yes                                                                             |
| • Height-adjustable feet:                  | Yes                                                                             |

- ▶ Ideal for buffets, catering events and canteens
- ✓ For 1/1 GN containers
- ✓ Max. GN container depth: 65 mm

- ▶ Adjustable height (8 levels)
- ✓ Clear height: 370 – 560 mm

- ▶ Targeted heat distribution
- ✓ 2 infrared lamps with aluminium reflectors
- ✓ 2 x 0.25 kW

- ▶ Easy loading and refilling
- ✓ Cut-out size: W 390 x D 302 mm
- ✓ ON/OFF switch

## Food warmer I2WL552 1/1

- Properties:
  - Ventilated aluminium reflectors
  - Adjustable height in 8 levels (clear height: 370 - 560 mm)
- Including:
  - 2 infrared bulbs (0.25 kW), glass colour: Clear
- Delivery state:
  - Building kit (simple assembly)
- Power load:
  - 0.55 kW | 230 V | 50/60 Hz
- Equipment connection:
  - Pluggable
- Material:
  - Aluminium
- Important information:
  - Delivery without GN containers
- Size:
  - W 350 x D 500 x H 790 mm
- Weight:
  - 1.6 kg
