Cleaning

ATTENTION!

Scrubbing agents, cleaning agents with solvents or caustic substances may damage the surface of the dishwasher base unit.

For cleaning, use only agents suitable for stainless steel surfaces.

1. Clean the dishwasher base unit daily inside and outside with warm water and a soft, damp cloth. If necessary, use a cleaner suitable for cleaning stainless steel surfaces.
2. Wipe cleaned surfaces with a cloth moistened with fresh water.
3. Finally, dry the dishwasher base unit thoroughly with a soft cloth.
